

SHIVON

One of the things people tell me they enjoy about singing in our choirs, is the way they get to "multi-task." All at once, you can sing, exercise your mind (learning all those words in strange languages) while you practice breathing deeply, standing (or sitting) with yoga or QiGong-like awareness, and practice mindfulness, by entering the silence after each song, allowing the music penetrate deeply. (For those in GHC, all this effort will culminate in creating a concert that will raise a substantial amount of funds to help a Mozambican village in need.) And of course, you get to meet new people and visit with old friends. All at the same time! Well, almost. May we suggest that you limit the visiting with friends, new and old, to before and after choir, and during the break, so that you can give yourself more fully to the all-important practice of listening, and avoid distracting others.

Elvish Is Alive!

I introduced "May It Be" this week to the Tuesday and Thursday people, and will on this coming Monday. It's a beautiful song from the first "Lord of the Rings" movie, but in my own mind it goes beyond the fantasy world of that adventure and expresses some deep sentiments of our own human journey, about being on the path when there seems no way forward, and about hope, and belief in your calling.

The language that appears in the chorus of the song is in J.R.R. Tolkein's invented language of "Quenya", an ancient language of the Elvish people who lived in Middle-Earth. Tolkein was, in fact, a highly respected Oxford professor of English and Anglo-Saxon Philology, and was fascinated with languages and the way they express culture. The Quenya language that he invented was meant to be an ancient form of their spoken language, one that was not spoken anymore by them, but still used ceremonially, sort of like Latin in our own day. The Elvish spoken language - which he also invented, was called "Sindarin" and he carefully formed the two tongues to be related to each other, Sindarin deriving from Quenya.

You can find out much more - and go to the trouble of translating the phrases using the vocabulary and grammar here: <http://home.netcom.com/~heensle/lang/elvish/elvish.html> (I did the translation and it translates perfectly.)

BILL

Some thoughts triggered by Shivon's notes above

A significant portion of my job with the choir as it has evolved over the last eight years is to build and maintain communication bridges for us all to use. Bridges that support us in enjoying, and benefiting from, our dealings with each other both at choir and outside of it.

This weekly newsletter, for example offers you opportunities beyond simply finding information in it of interest to you personally. An item that you know would be of interest to someone else in our choir community provides an opportunity to contact them and bring it to their attention (after all we don't all read all of the newsletter every week). Many strong personal, business and community relationships have started from such small supportive actions. A choir member's name appearing in conjunction with an event, service or recommendation that is of interest to you offers an opportunity to contact that person for more information (or to pass on information useful information to them). If some's name is connected to such things frequently enough to cause you to be interested in them personally you could invite them to meet for conversation over a beverage of choice to explore the art of the possible. In short, this newsletter (current and archived issues) offers us all opportunities to reach out to each other based on our shared interests and many of the items in it include a contact method to use in doing so.

The Choir Contact List that goes out early in each season is intended to facilitate that reaching out for those of us who are currently registered. Whether you want to contact a current member to offer information that supports her/his interests, to request information that supports your own interests or you simply want to extend an invitation to participate in something you believe is of mutual interest the Contact List can help you do so.

In those cases where neither of the above tools provide the information that you need to make contact you can, as a last ditch effort, try contacting me for help. Given that our extended choir community is comprised of over 1,700 people with 1,200+ of them on email I emphasize, however, please do so only as a last resort. When/if you do please have something solid in the way of information for me to work with such as:

- ~ the title, topic and/or a term from a newsletter item that they were connected with
- ~ the person's first name, last name, night and/or section

(the more such pieces of information you have the easier they will be to find)

Please do not ask me to help you find "the blonde lady who used to live in Toronto" no matter how long she might have been in the choir. Descriptive information such as that is not in my records and unlikely to be in my memory and no matter how much I might want to help I won't be able to.

As always an email to bill@gettinhigherchoir.ca is the best way to contact me but you are also welcome to phone 250-920-4160 (8 to 8, Tuesday to Friday).

Live, sing and do all you do in joy.

DOORS AND WINDOWS FOR THE KUWANGISANA BUILDING PROJECT....

A request from Perpetua Alfazema...our friend in Mozambique.

Proceeds from our last two Mozambique benefit concerts built a beautiful community centre in Sena. The walls are up and the roof is on! The home-based care program at Sena is ready to take on new challenges of expanded program services. A large grant has been obtained and will be administered by Medical Teams International as soon as the project buildings are secured with windows and locking doors. The grant does not pay for any building projects so this must be done as soon as possible to allow for programs to expand in order to help more people living with HIV AIDS and for the orphans in rural Caia District.

For more information visit:

<http://www.caiacconnection.com>

For photos of the Kuwangisana building project click on:

<http://www.gettinhigherchoir.ca/community-info/pdftemp/20090403/kuwangisana.pdf>

How can you help?? You could consider purchasing a DOOR (\$100) or a WINDOW (\$50). (the building urgently needs 40 windows and 20 doors)

Please make your donations payable to The Caia Connection and hand them in to Gloria at choir (or Bill or Shivon if Gloria isn't there). If you are not coming to choir this season you can mail you're your donation c/o 1305 Bond St., Victoria, BC, V8S 1C3. Tax receipts are available on request from The Caia Connection, a Registered Charity. If you request a receipt please be sure to include your email address if you have one or postal address if you don't.

THE GIFT OF SILENCE

Last Tuesday at the break one choir member made a very strong plea for less chatter between songs which prompted me to find, and include, the following message that was last in the Nov. 9, 2007 newsletter.

A REMINDER OF THE VALUE OF SILENCE

This week at choir, try giving yourself and those around you the gift of silence between songs. You will find that this can really deepen the effect that this practice of singing in harmony has on your whole being. There is a tendency to want to chatter to those around you once a song has finished - with mindfulness, you can curb that urge, and stay focused on the vibration within that the song has set up. In this way, the whole time can be experienced as a very deep sound healing treatment. Try it!

~ Shivon

By minimizing our chatter (myself included) we will all get more out of our choir experience by giving each other, Shivon, Denis and ourselves the gift of silent mindfulness.

GHC & HNC LOST AND FOUND

LOST & FOUND

There is a lost & found box at the Church of Truth, on the shelf above the coat hangers in the foyer outside the washroom.

That's where we put all the items left behind at choir - mostly water bottles, both nalgene and stainless steel, and assorted items of clothing, and the odd pair of eye glasses. Most things in the box right now have been there for a long time. If you think any of these things might be yours please claim them next week - otherwise we will empty the box and start all over again.

Thanks

Who is VOCO?

VOCO is stompin' gorgeous vocals - lush, fierce vocal harmony and delicious vaudevillian combo of cello, accordion and banjo. Original songs, sweet hard-driving Americana, rompin' body percussion, emotional ballads of Eastern Europe. A visionary blend of four exquisite voices.

Ethereal and gritty four-part vocal harmony and delicious vaudevillian combo of cello, accordion and banjo. Original improvisation-built songs steeped in Appalachia and Eastern Europe. Voted #1 a cappella band in the U.S. in 2007, VOCO is the energy of street singing and the elegance of a string quartet. Sweet, hard-driving Americana mixed with crooked eastern European dance and dissonance, with body-stompn' percussive movement. Joyous, magnificent, hair-raising harmonies - music that mourns and dances at the same time. Called "a truly phenomenal act" by Folkworks Magazine, "fascinating and multi-lingual" by the LA Times. "Their body percussion sets are a sight to behold!".

"WRITE" WHERE YOU ARE (earlybird Apr 4)

A Workshop In Creative Writing

Do you like to write and play with words or do you stand on the sidelines wanting to write but avoid it by telling yourself: "I'm not good enough, it's too much effort, I have nothing valuable to say and besides I can't spell!" This 8-week writing series dispels these myths and teaches you the joy of writing. You will learn to use stream of conscious writing to break through writer's block, access your inner muse, have fun, hone your writing skills, and deepen your self-awareness.

RALLY FOR RIVERS! (April 4)

there will be a rally in Nanaimo on Saturday April 4. The purpose is to demand that the government take a more serious look at regulating private power plants which are being built to sell power to BC Hydro. They are being promoted at small scale "green" energy production.

Plutonic Power from the US is one of these small private companies and it's plan for Butte inlet alone will seriously impact 17 rivers and connect a web of service roads and major power lines. <http://www.buteinlet.net/node/80> gives more information.

If you would like to help get the word out about the rally we have a colourful poster and informative poster that you could print and post at home, at work or in your neighborhood. You can view it by clicking on:

<http://www.gettinhigherchoir.ca/community-info/pdftemp/20090327/river-rally.pdf>

The rally should be an informative and fun day even for kids, with singing and poster making as well as informative speakers.

There may also be a bus from Victoria.

*“ANOTHER LOOK AT
RELIGION AND SPIRITUALITY.” (Apr 12)*

Many people say they are spiritual but not religious, and yet there seems to be some confusion as to what 'spirituality' is all about. This talk might clarify the confusion, will indicate how everyone has a 'spirituality' and how 'spirituality' changes with life experiences.

Alex Campbell and his wife Marlene are members of the First Unitarian Congregation of Ottawa where Alex serves as a Worship Associate. A former Catholic priest, Alex has Masters degrees in Spirituality and Education.

MAJOR FARM AND

FOOD SECURITY RALLY (Apr 18)

Are you concerned about the future of farming in BC, and about our food quality and food security? If so please join us!

Mark your calendars! April 18th, 1:30 pm, at the BC Legislature.

Let's send a message to all politicians during the election campaign: farms & farmers count!

Urgent issues:

--decline of agriculture in BC
--lack of support for local food production
--unaffordable farm land

--vanishing meat processing capacity
--erosion of ALR

Neither the NDP nor the Liberals have shown a clear commitment to BC's farmers.

This is an excellent opportunity to make your voice count!

We need farms, now farms need us!

Being with horses is a kind of meditation practice - slowing down into horse time, present in the here and now. Becoming aware of your body sensations, mind state, deeper emotion and energy brings a sense of well-being and connection, no matter how you are feeling. Horses can bring out the best in us - that which is real and authentic thereby increasing our capacity to be true to ourselves. Time includes quiet reflection with the herd, interactive experiences with the horses, and sharing responses and insights that illuminate new possibilities and integrate wisdom received. No horse experience necessary.

PERMACULTURE DESIGN: (Apr 25)

“How to Live As If We Plan On Staying”
with Beth Cruise

Permaculture is a way of designing gardens and food production landscapes for humans that work with the principles of nature rather than against them. It is based on thoughtful, lengthy observation, of looking at systems such as forests in all their functions and allowing the systems to follow their natural evolution and takes into account basic human needs such as food, water, and energy while weaving landscape elements together in ways that reduce work, eliminate pollution, and sustainably address local needs.

TURNING POINT IN OUR HISTORY?” (Apr 26)

On May 12th, 2009, voters in BC will choose to retain the existing voting system or adopt a new system proposed unanimously by the Citizen's Assembly on Electoral reform. These 161 citizens, chosen at random and fully briefed, selected STV as the best system for British Columbia. In their eyes, the system would provide better representation than the present system and promote a spirit of collaboration in the legislature. JUST FOR FUN

A reward of laughter for reading this far

The Irish Castaway

Submitted by: Mercedes Picot GHC Tuesday Soprano

One day an Irishman, who had been stranded on a deserted island for over 10 years, saw a speck on the horizon. He thought to himself, 'It's certainly not a ship.' As the speck got closer and closer, he began to rule out even the possibilities of a small boat or a raft.

Suddenly there strode from the surf a figure clad in a black wet suit. Putting aside the scuba tanks and mask and zipping down the top of the wet suit stood a drop-dead gorgeous blonde!

She walked up to the stunned Irishman and said to him, 'Tell me, how long has it been since you've had a good cigar?'

'Ten years,' replied the amazed Irishman.

With that, she reached over and unzipped a waterproof pocket on the left sleeve of her wetsuit and pulled out a fresh package of cigars and a lighter.

He took a cigar, slowly lit it, and took a long drag. 'Faith and begorrah,' said the castaway, 'that is so good! I'd almost forgotten how great a smoke can be!'

'And how long has it been since you've had a drop of good Powers Irish Whiskey?'

asked the blonde.

Trembling, the castaway replied, 'Ten years.'

Hearing that, the blonde reached over to her right sleeve, unzipped a pocket there and removed a flask and handed it to him.

He opened the flask and took a long drink. 'Tis nectar of the gods!' shouted the Irishman. 'Tis truly fantastic!!!'

At this point the gorgeous blonde started to slowly unzip the long front of her wet suit, right down the middle. She looked at the trembling man and asked, 'And how long has it been since you played around?'

With tears in his eyes, the Irishman fell to his knees and sobbed, 'Jesus, Mary and Joseph! Don't tell me that you've got golf clubs in there too?'
