VOCAL ENSEMBLE

## *Songs for a Winter's Night*

Three concerts by

### **Soundings Vocal Ensemble**

Denis Donnelly, Director

Join Soundings this year as we weave a rich tapestry of seasonal music with our 29 voices singing a cappella. Our repertoire features songs from Medieval and Renaissance times, from Scotland, England and the Continent, and French Canada. And, as always, we will have several great songs from contemporary songwriters including Gordon Lightfoot and the wonderful Roche sisters, as well as some Christmas favourites all dressed up in new clothes!

Soundings presents concerts that are tightly rehearsed, beautifully sung, innovative and entertaining.
