# Nomad

With **SOUNDINGS**  
Vocal Ensemble

Kinobe and Michael Waters met in Uganda in 2006 and played music together for one night. They didn't meet again until two years later, when they rehearsed the day prior to a 16-concert tour in Canada — their approach and synchronicity was that close!

By the end of the tour, they had recorded a CD and created the world music duo Nomad: Virtuoso Roots... Afro-Canadian fusion... Acoustic guitar, kora, kalimba, adungu and tama.

Join them for a celebration of the deep earth, the soaring sky and the heart of the land.
